as at June 17, 2023

Discover a true taste of Scotland.

## Welcome.

The Sword family have been in the baking business for many generations, but in 1894 William Sword founded his own business which was focused on supplying the local communities in and around Airdrie.

Based in Cumbernauld since 1969, the fourth generation of the Sword family still follow the very simple philosophy laid out years ago by their ancestors. We believe in making good quality products while striving to use the most natural products possible.

Back in the 1950's we started to specialise in making pastry, and we have developed into one of the premier manufacturers of pastry in the UK. We distribute throughout the United Kingdom, with our own fleet of temperature controlled vehicles delivering all over Scotland and the north of England.

Furthermore, we supply a range of food suppliers all over the UK, so no matter where your business is based, we will be able to meet your demands.

Our products are in use up and down the country by many butchers, bakers and supermarkets. Additionally, we now stock a range of factored goods from a range of high quality suppliers. With these products supporting our ever growing pastry range, we will surely have a product suitable to your business!

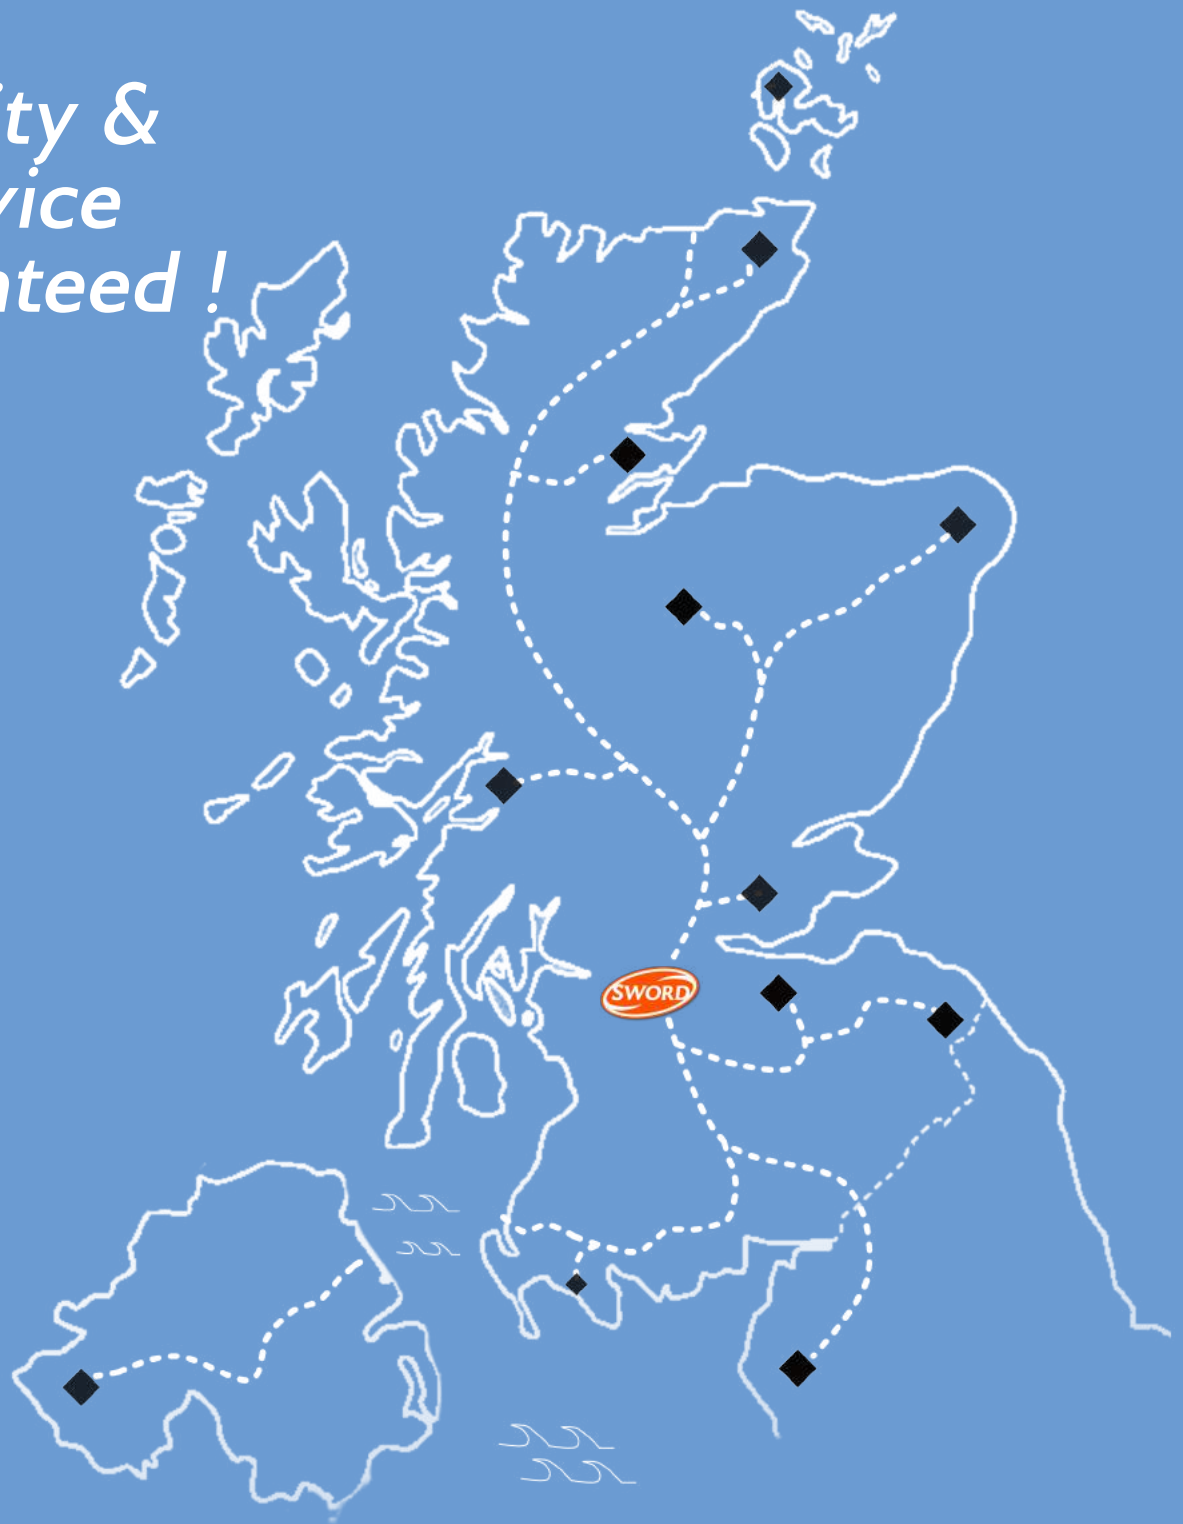

We are audited annually by the British Retail Consortium to ensure our production facilities and procedures are to the highest standards.

All of the palm oil used in our production is certified sustainable and we are members of the Roundtable on Sustainable Palm Oil.

*Quality &  
Service  
Guaranteed !*

We realise that the best products are of little value if you cannot get them delivered when you need them. On the other hand, having loads of poor quality stock in your fridge does you no favours either.

We are committed to getting you the best products, and delivering them when you need them.

# U-Bake

Our U-Bake pastry range has been specially developed for the hard working modern baker and butcher. We produce a wide variety of pastry products designed to let you make great products without having to worry about making great pastry!

From pie cases and lids to convenient ready cut pastry shapes, our products are in use across the whole of the UK, from corner shops to the largest of food factories.

Forget your rolling pin, and start working smarter, not harder!
